

FOR THE Michigan ACE Initiative

2026 Conference: Thursday, May 21, hosted by The Kirkhoff College of Nursing, Grand Rapids, MI

MIACE is a statewide coalition of cross-sector partners committed to raising awareness of the prevalence and impact of ACEs on Michigan’s children and communities. With your support, MIACE can provide ACE-aware, trauma-informed training, develop and implement programs to foster protective factors, and build resilience among Michigan’s children who experience trauma and adversity. We are seeking Partner Contributions to support the 2026 MIACE conference, its programs, and infrastructure.

We invite MIACE Sustaining Partners to attend the conference. Leverage your work and the MIACE framework to align with the Initiative’s focus areas and make a meaningful impact.

2026 Partnership Opportunities
